

# Go MOBILE!

Mobile Application for PeopleSoft ERP Suite

## Campus Solutions Human Capital Management Financial Management

### Students, Faculty and Administrators

Your students, faculty and administrators can now perform most self-service functions on the go. We have incorporated essential student functions and created a light-weight, fast and easy way to navigate the Campus Solutions application. Includes Class Schedule, My Planner, Financial Aid, Student Financials, Registration, Shopping Cart, Transcripts, and many more features.

### Employees

More employees prefer flexible schedules and ability to work remotely. Your employees can now enter and review time, view paycheck information, change direct deposit information, access benefits information, make a life change on their account and more.

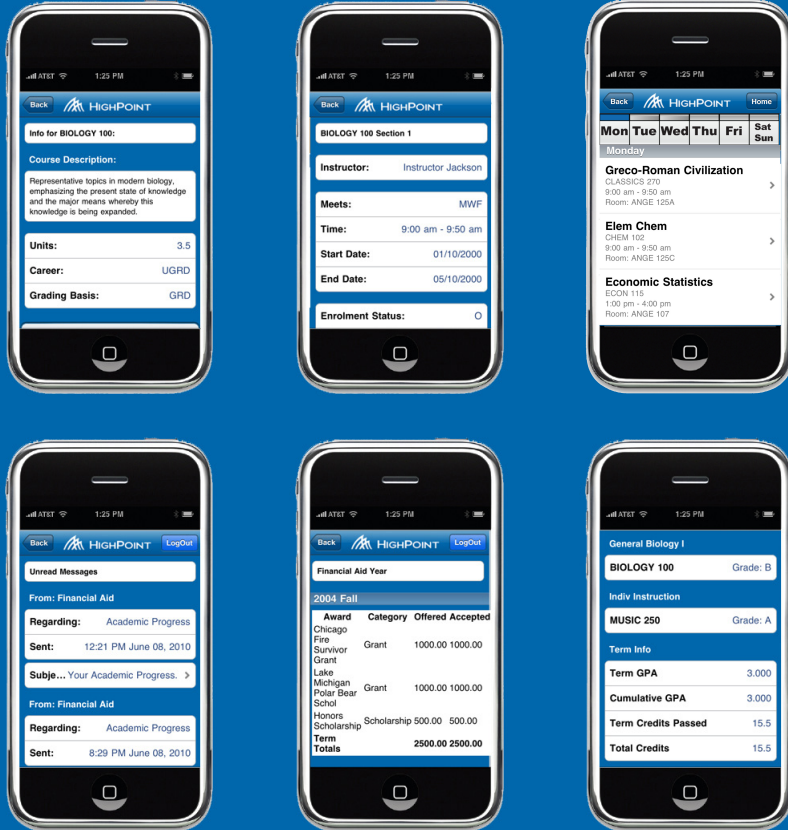

### Managers

Managers can approve the time cards and expense reports using our mobile applications. They can now access their work load, look-up employee data and approve/deny employee requests using their mobile, tablet, or other smart devices.

# Built for Everyone
